

Understanding and Accessing INAC's Economic Development Program Funding

Presented at CANDO Links to
Learning Event

Date: March 2017

INAC·AANC

Mandate

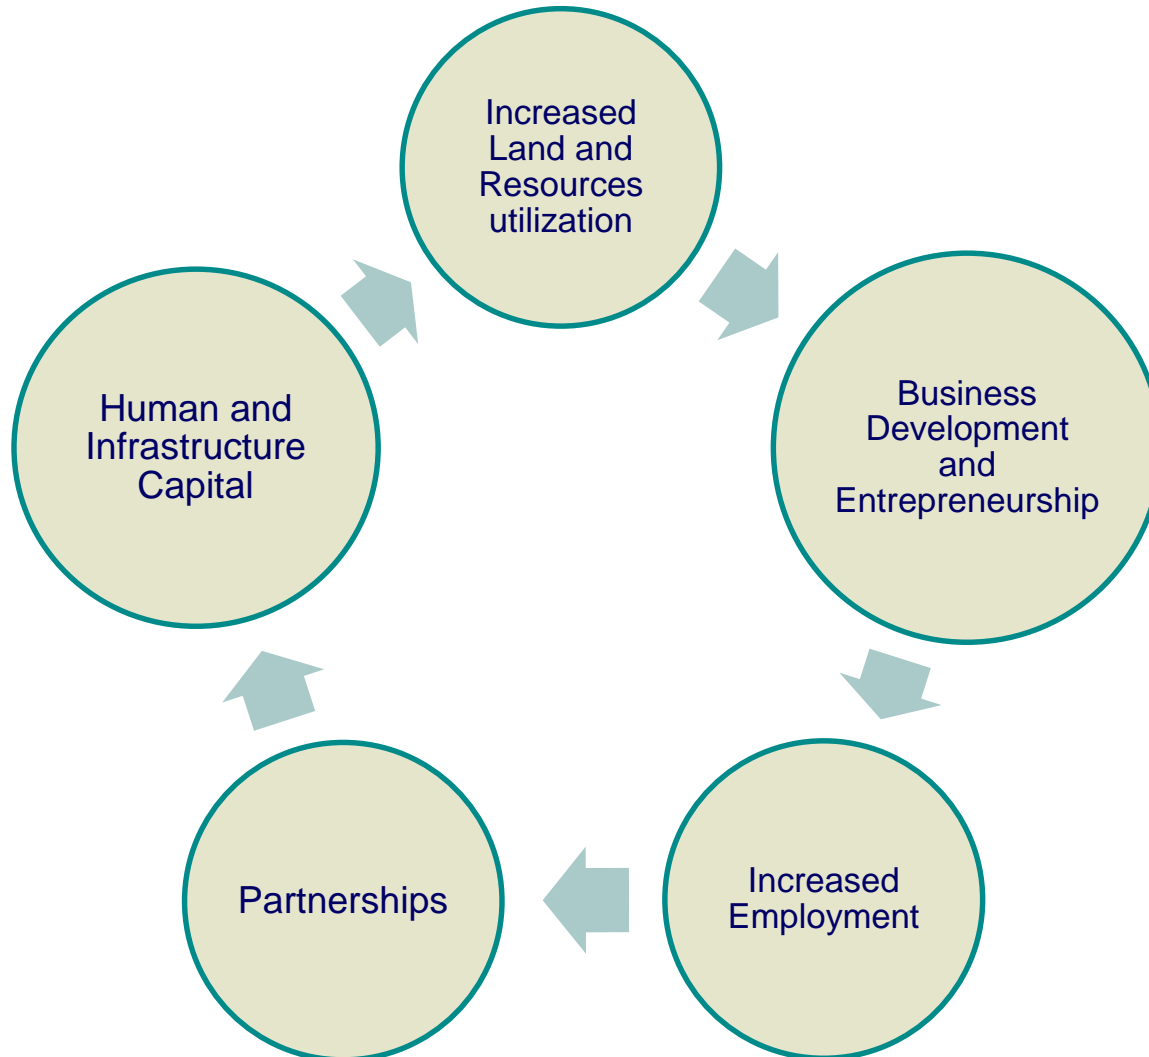

Economic development is a key part of INAC's mandate.

Indigenous and Northern Affairs Canada (INAC) is helping Indigenous communities get the most from their economic development potential by investing in the following:

- Community readiness
- Entrepreneurs and business
- Land management and strategic partnerships

Economic Benefits

INAC·AANC

BUDGET 2016

\$7.7 million in core allocations in LEDSP and CORP program.

\$5.7 million in proposal based economic development funding.

- Additional investments under Strategic Partnership Initiatives.

Economic Development Program

INAC has developed a suite of options and tools to facilitate First Nations' access to economic development opportunities including:

Lands and Economic Development Services Program (LEDSP)

- Core funding
- Targeted funding

Community Opportunity Readiness Program (CORP)

- Regional Funding
- Prioritization Framework

Strategic Partnership Initiatives (SPI)

- Partnerships between federal and non-federal economic sectors.

Lands and Economic Development Services Program

❑ LEDSP provides core financial support to Indigenous communities to assist with enhancing the economic development, land support and environmental capacity.

- Eligible economic development activities include: land use planning, environmental management and compliance.
- Allocations are formula-driven based on population and remoteness.

INAC·AANC

LEDSP Proposal Based Program

Economic Development Support

- Capacity Development
- Community Economic Development Planning

Land Support

- Land and Resource Development
- Land Use Plans
- Land Designation
- Leases
- Permits

Environmental Management Support

- Environmental Planning
- Pollution Prevention
- Environmental Management
- Improved Regulatory Compliance

Community Opportunity Readiness Program – Proposal Based

CORP provides project-based funding for Indigenous communities for a range of activities to support communities pursuit of economic opportunities.

❑ Provides support for eligible activities (soft costs) under \$250K, including:

- pre-negotiation planning
- feasibility studies
- business plans
- legal and accounting services
- marketing plans and product development strategies.

❖ Contributes up to 80% Total Eligible Project Costs

CORP/LEDSP Proposal Based Timeline Process

INAC·AANC

CORP Application Requirements

- Signed LEDSP/CORP application
- 20% equity contribution commitment (BCR, letter from Chief and Council or bank statement)
- Projects \$25K or over require 3 consultant quotes

CORP Prioritization Framework

- CORP PF funds infrastructure costs related to community economic development as well as costs related to acquisition, start-up or expansion of a community owned business.
- Subject to a national competition
- Projects over \$250K contribution
- Shovel ready projects
- Demonstrate job creation, economic value to the community, business spin offs, etc.
- Addresses an equity gap
- Development of community economic infrastructure

CORP Prioritization Framework

Community Economic Infrastructure

- ❑ Eligible to receive two thirds (66.67%) of overall cost up to a maximum of \$3M.
 - Examples of eligible activities include: water supply and treatment systems, road, sidewalks, wharves and airstrips.

Equity Gap

- ❑ Eligible to receive (30% or up to 40%) of overall cost up to a maximum of \$1M.
 - Maximum of 40% when establishing a business; and,
 - Maximum of 30% when acquiring or expanding a business.

Application deadline: January 3, 2017

CORP Prioritization Proposal Requirements

INAC·AANC

CORP Prioritization Application process

- Call letter open from November 1 to January 3 – for applications
- National process – all shovel ready projects are screened for eligibility by March
- Eligible projects are ranked (scoresheet) and reviewed by March 31st
- Ranking scoresheet includes proponent equity provided, contribution amount requested, financing for project, aboriginal employment, business spinoffs, project viability, anchor tenant (infrastructure) and management capacity
- Budget is provided by HQ - April 1 (initial budget \$21 million)
- Based on the budget the top ranked projects have funds allocated
- 2016/17 – 34 projects approved for \$32 million

Strategic Partnership Initiatives

SPI seeks to increase economic development opportunities for Indigenous communities by stimulating partnerships between federal and non-federal partners within various economic sectors.

□ Eligible project activities include:

Agriculture

Forestry

Fisheries

Mining and Energy

INAC·AANC

Strategic Partnership Initiatives

Requires collaboration between multiple stakeholders (FNs, Tribal Councils, Federal and Provincial Governments)

Saskatchewan Regional Office creates application and manages proposal process.

Approval and funding is determined by an interdepartmental HQ committee.

Strategic Partnership Initiatives

- Projects are assessed on the number of partnerships, diverse contributions, and potential economic outcomes.
- Eligible project costs range from \$100,000 - \$10 Million, year to multi-year agreements.
- Other assessment criteria: risks, benefits to neighboring communities, ability to finance project, environmental impact, timelines, and deliverables.

APPLICATION PROCESS

INAC·AANC

Anyone who opposes the plan I'm about to propose please signify by saying "I resign."

Section D: Impact of Past Initiatives

(to be submitted by May 31st or agreed upon date with INAC regional office)

INAC has supported a number of targeted initiatives and/or projects in support of community economic development in your community through proposal driven economic development programs (i.e. CEOP, CORP). As it often takes a number of years before the results of these investments can be identified or measured, the following information will only be requested for a sample of projects over a 5 to 8 year period, depending on the type of project. INAC will inform communities whose projects have been selected; the project's name will also appear below if prompted to provide actual performance indicators generated from this project.
